

ANNOUNCING OUR NEW STATE-OF-THE-ART GE 1.5T DISCOVERY MR 450 SCANNER

"Innovation is a Hallmark at scMRI"

scMRI is pleased to announce the addition of a GE 1.5 T Discovery MR 450 scanner at our newest location.

"Twenty three years ago we opened with one scanner. Today we operate one GE 1.5T 450, three GE HDx1.5T and one Philips Achieva 1.5T scanners in three outpatient locations, announced Paul Hagen, CEO.

Our goal remains to produce the highest quality images for your patients in a caring and compassionate environment. scMRI continues to be an industry leader in developing new MR techniques in imaging.

Many of our images are displayed at the annual RSNA Convention for imaging professionals as examples of highest quality diagnostic images."

Product Features:

- Short Bore Magnet (able to accommodate large patients)
- Multiple channel imaging (up to 16)
- Hi-Def imaging coils
- Parallel imaging for faster acquisition times
- Propeller motion reduction scanning
- High slew rate gradients
